To whom it may concern

I am writing to recommend the service of Eshybrand PTY Ltd, under the management and leadership of Mr. Ishmael Dube.

Mr. Dube has been providing service to our company for the past year as a advisor and project manager for our accreditation process with a training authority in MICTSEAT, South Africa. His knowledge and attention to details have aided in keeping our company above board in regards to compliance.

During our project, he kept us up-to-date regarding the progress and he is fully engaged and closer to the action.

I feel confident in recommending Mr. Dube's project management services, facilitation and skills development management services.

If you have an further questions, you are welcome to contact me

Thank you very much.

Kind Regards,

Director of Mbula Research and Development Pty Ltd and Future Coding Pty Ltd.

Wonder Ndlovu
